

REMARKS

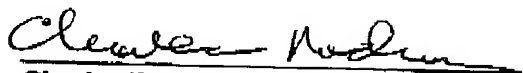

Independent claims 5, 10, 34 and 44 have been amended in an effort to obviate the rejections in the Office Action of October 15, 2004 based on the use of the word "*including*" in independent claims 5, 10 and 44 and the word "*containing*" in independent claim 34.

Accordingly, it is respectfully submitted that the election/restriction requirement and the rejections under 35 U.S.C. §102 and §103 now appear to be obviated by these amendments. Claim 39 has also been amended to correct its dependency.

It is respectfully submitted that the presently amended claims contain allowable subject matter.

Respectfully submitted,
